

# MOHAMMADREZA OMID ZOHOR, MD

## Physical Medicine & Rehabilitation Specialist

Aurora, Ontario, Canada | 647-707-2468 | [ORC.Omid@gmail.com](mailto:ORC.Omid@gmail.com) | <http://www.linkedin.com/in/dromidzohoor-pmr>

### Professional Summary

Canadian citizen and ECFMG-certified physiatrist with over 15 years of experience in musculoskeletal rehabilitation, spine interventions, electrodiagnostic medicine, and neurorehabilitation. Verified postgraduate training by the Medical Council of Canada and eligible for certification through the Royal College of Physicians and Surgeons of Canada (Practice Eligibility Route). Founder and director of Iran's leading CAD-CAM-based neurorehabilitation and prosthetics center. Recognized for excellence in patient-centered care, interdisciplinary collaboration, and healthcare innovation. Fully prepared to contribute to the Canadian rehabilitation landscape with strong adaptability and leadership.

### Core Competencies

- Medical Expert: Spine interventions (e.g., fluoroscopic-guided transforaminal injections), ultrasound-guided injections, EMG/NCS, neurorehabilitation, amputee care, scoliosis management
- Communicator: Media experience in patient education; culturally sensitive, multilingual care
- Collaborator: Interdisciplinary teamwork with PTs, OTs, orthotists, and surgical colleagues
- Leader: Founder/CEO of neurorehab center; systems development and staff training leadership
- Health Advocate: Promoted access to scoliosis care and neurorehab for underserved populations
- Scholar: Research-trained through confidential academic projects
- Professional: Ethical, empathetic, and evidence-based rehabilitation physician
